FOCUS GREEN PATHWAY - DARE TO CARE - Networking for an Integral Ecology

Dear everyone,

Over the recent times, we have been "dreaming" of having a moment together with all the coordinators of the various wide-ranging movements, inundations and local communities of the Focolare Movement around the world to **Focus** on the **topics, itineraries** and **resources** that **Pathway 'Verde', Green Pathway - Dare To Care** offers us this year.

In fact, these themes are very much in tune with what the Final Document of the 2021 General Assembly proposes, as well as with what humanity is living and the Churches are calling attention to.

For this reason, we would like to meet on **October 30 and 31**: exactly 6 months before the 2022 United World Week.

WHAT?

FOCUS GREEN PATHWAY - DARE TO CARE - Networking for an Integral Ecology

A formative and collaborative meeting on Pathway Dare To Care - for an Integral Ecology, to:

1. Know the itineraries of the Pathway
2. Deepen topics, experiences and projects
3. Get to know each other and dialogue

WHEN?

October 30 and 31, 2021

In each of the two days there will be a moment together in which we will connect via Zoom, between 12:30 and 4:30 p.m. (Italian time).

Right after the main program on Saturday, October 30th, each zone could take the opportunity to meet online and intensify their local networks, using their Zoom accounts or in whatever way each considers most suitable. The same can be done on Sunday, October 31st, before the main program.

WHO?

Young people and adults of the Focolare Movement, in particular **those who accompany groups** of children, teens, adults, families, religious communities, parishes, local coordinators and those who - for various reasons - are involved in activities and projects related to the themes of the event.

HOW?

Online. We will connect with the gen assistant/ youth and local coordinators... from around the world **via Zoom**. The schedule and links to join will be available at:

<https://linktr.ee/PathwayDareToCare>
