

Let's bring unity to the whole world

06

Objective: Chiara gave us the banner of unity. Develop an awareness that it's up to us now to take it with our lives all over the world

Some proposals:

Check how things went with the goal of the previous meeting.

1. Get to know the story of Chiara's first companions, who helped her bring unity to the ends of the earth (see Powerpoint attachments)
 - Africa (Piero / Lucio)
 - Asia (Giò)
 - Middle East (Aletta)
2. INTERVIEW: Ask someone in your local community, how the Ideal came to your region, interview the "pioneers", and perhaps also the first gen in your region:
For example, you can ask:
 - * How did you get to know the Movement and from whom?
 - * Who spread the Ideal here in our country?
 - * How did you do it?
 - * Did you know Chiara personally, can you tell us about your relationship with her?
 - * How do you see the movement in our city now?
 - * What would you suggest to us so that Ideal can remain fresh as in the early days?
3. MAKE A POWER POINT, or a video, or write a story or comic strip to help other Gen 3 in the world get to know what you are doing to bring unity in your country.
 - * Tell us, in general, about your country, your region and the environment in which you live, possibly with references to the social, political and religious conditions.
 - * Tell us about some of the obstacles that you find in bringing unity and show us some important steps already made with the other Gen 3, Teens for Unity or even with the other generations.

Send it to the Gen 3 centers for dissemination.
